May 11, 2017

Hanover Consumer Cooperative Society
PO Box 633
Hanover, NH 03755

Dear Hanover Consumer Cooperative Society:

Good Beginnings would like to express our sincere appreciation to the Hanover Consumer Cooperative Society for the generous donation of \$5658.86 that Good Beginnings received on May 11, 2017. This gift enables Good Beginnings to continue serving many Upper Valley families of new babies.

Over the past 30 years, though our mission has remained the same, our services have expanded. In the 2016 fiscal year, we added volunteer services to foster families; offered services to a wider geographic region; expanded our volunteer training on issues of post-partum depression; collaborated with a professor from the Geisel School of Medicine at Dartmouth College to seek a grant to offer postpartum depression in-home counseling; and offered wisdom and advice to another organization in Illinois starting a non-profit modeled after Good Beginnings (sisteringcu.org).

We are so appreciative of the support from the Hanover Consumer Cooperative Society which enables us to continue serving Upper Valley families and training new volunteers. Currently we have 104 volunteers who served 267 families last year. Your gift provides that opportunity. The Hanover Consumer Cooperative Society will be acknowledged in our annual newsletter thanks and on our letterhead.

With appreciation,

Karen Morton
Executive Director
